7. President’s Report: No Report

8. Announcements and Reports
   a. Chairperson, Vice-Chairperson, and Faculty Council Chairperson
      i. A. McInerney reported on 1) the committee to draft letter to the incoming President (see attached letter), 2) the discussion in the Senate Executive Committee on the employees of CulinArt, and 3) a meeting he attended concerning the transfer policy within CUNY.
      ii. D. Peters reported on 1) students lobbying in Albany, 2) working with M. Coleman to possibly amending the policies for the Pharos system, and 3) the changes to the SGA Constitution to be presented today.
      iii. H. Skinner reported that the last Faculty Council meeting spent time learning about instructional technology on campus. The Faculty Council is seeking to work with other groups on and off campus to help make the transition to a new administration a smooth one. The next Faculty Council meeting is March 31 and will include reports on the new library and behavioral intervention in the classroom (Student Development).

b. Vice-Presidents and Deans
   i. G. Sanchez will soon be nominating faculty members to represent BCC in the new transfer initiative. BCC needs strong representatives in this initiative. The transfer initiative website is located at www.cuny.edu/pathways. They are also still welcoming applicants for the Salsburg program.
   ii. M. Coleman: There is no new news on the budget. It’s still looking grim. We are looking at a reduction of about $226 per FTE. The total is about $2 million. We are also looking at the possible implementation of the PEG exercise which will result in a pay cut to the Colleges (for BCC that’s an addition $2 million). J. Freeman asked if we have a service contract to service the water filtration machines. M. Coleman said that the machines should shut down when the filtration units needs servicing; call purchasing at x5805 to request servicing on an individual unit.
iii. P. Barbatis: Last semester they started a search for the Director of Financial Aid; Maria Barlaam has been hired to serve as Director. BCC Men’s Basketball team won the CUNY championship for the first time in 20 years.

v. N. Posner: No Report

vi. D. Taylor: “We are in the enviable position” of having state approval for a $55 million dollar infrastructure project that will provide electrical, heating, and water infrastructure of the new building. Phase 1 will allow for destruction of the old power plant and we will get new heating & cooling pumps to all buildings on campus; repairing the internal distribution of heating/cooling in buildings will occur in a later phase. This will cause major disruption on campus. A. Wolf asked about the hole in the track and the handball courts: D. Taylor stated that they just hired a contractor to fix the stairs to the courts and the first phase of repairing the track has also been approved (a site survey). L. Rosario asked when the Meister 5th and 6th floor women’s room will reopen; D. Taylor indicated that he would once again check the timeline on repairs.

vii. B. Gantt: No Report.

9. Auxiliary Enterprises: M. Coleman asked if there were any questions about the recent BCC Broadcast about the new vendor for café services on campus. They are still negotiating with the new vendor. The new vendor has agreed to interview all of the employees of the prior vendor. M. Coleman expects that the services on a commissary basis can be provided on campus in the next two weeks: food will be prepared off-campus and then brought on campus for about two months. The new vendor will be performing construction on the cafeteria and bringing in furnishings.

10. BCC, Inc.: No report.

11. Committee Reports
   a. Academic Standing: No Report
   b. Curriculum: (see attached report): Report given above.
   c. Governance and Elections: S. Davis called attention to the recent BCC Broadcast on the open positions and the procedures for nominations and voting. Electronic voting ballots will be up and running by the end of April. SGA elections will be running by their own arrangements. S. Davis has asked interested persons to include a picture and informational statement with your name and the position you would like to be nominated for. Nominations should be sent by email from a BCC email account to M. Rogan and S. Davis.
   d. Instruction and Professional Development: As B. Yarmolinsky is in the hospital and J. Magliore is not here, N. Posner reported that they had a presentation and discussion about assessment.
   f. Student Activities: M. Kirk reported that they approved the changes to the SGA Constitution.
   g. Student Government Association: D. Peters reported that they are working on two workshops. D. Peters introduced the changes to the SGA Constitution (see attachment). These changes have already been approved once by the Senate
and have been brought back because the prior vote did not fulfill the 10% student participation requirement.

i. **Motion to suspend the two meetings rule** passed unanimously by a voice vote.

ii. **Motion to approve the changes to the SGA Constitution** passed unanimously by a voice vote.

h. **University Faculty Senate:** H. Skinner stressed that the differences between articulation, transfer, and gen ed are important.

i. **University Student Senate:** No Report.

j. **Vice-Presidents and Deans:** No Report.

12. **New Business:**

a. A. Wolf explained the “We Are All Wisconsin” stickers that faculty and staff are wearing today in support of the Wisconsin public employees. PSC-CUNY has started a solidarity campaign to support public employees and the right to collectively bargain across the country. A. Wolf encouraged all in attendance to attend the chapter meetings; the next PSC-CUNY Chapter meeting is February 24, 2011, from noon to 2 PM in ME 228.

b. H. Skinner applauded the outstanding work of students, faculty, and staff in their lobbying efforts.

c. A. Fuller announced the annual St. Patrick’s Day luncheon will be Thursday, March 20, 2011, from 12 to 2:30 PM in Colston lower level.

13. **Adjournment:** 1:25 P.M., A. McInerney

Respectfully Submitted,

Laura C. Broughton, Secretary

Proposed Letter to Our Incoming President:

Dear President-Elect Berotte-Joseph,

    The BCC faculty has demonstrated exceptional unity of purpose in making the success of our students and shared governance our highest priorities. We write to welcome you to our campus and to share some of our strengths and ongoing concerns. We hope that we will be able to work together effectively for the benefit of the entire BCC community. We look forward to your visits to our departments, committees, student activities, and cross-campus groups, as soon as you are able.

    We know that the Presidency involves a hectic schedule, but we hope that you will reintroduce an open Friday policy, in which any member of the campus community can make an appointment to see you. We believe that open Fridays demonstrate an important commitment to campus-wide communication, and respect for all voices.

    We are deeply concerned about our aging and decaying infrastructure. We encourage you to make health and safety issues a priority, and to get maximum input from our campus committees, student groups, and unions on these matters.

    The Chancellor has assured CUNY administrators that the coming budget cuts will be absorbed without retrenchments. We have every expectation that you will be a strong advocate for BCC, protecting educational resources, programs, and jobs in the difficult days that may lie ahead.

    We welcome you to our campus.

    Respectfully submitted by: (Can be signed by departments, committees, etc.)
Frequently asked questions and answers pertaining to the changes to the Medical Lab. Tech. (MLT) program

• Have the credits changed to complete the program with an A.A.S. degree?
  o The 66 credits for completion of the A.A.S. degree have not changed

• Have the math courses changed?
  o Yes the math courses have changed from Math 13 & 14 to Math 13 & 23, the required credits for math in the MLT program remain as 6 credits

• Have the prerequisites changed because the math courses have changed?
  o No, the prerequisites for Math 13 are Math 06 and Math 23 requires Math 05. It is actually more helpful for the students since they can take the math courses independently of each other. There are more opportunities to complete these courses every semester.

• There appear to be more courses added to the curriculum, is that true?
  o No additional courses have been added. Courses now have different names and credits. For example, Bio 81 (Introduction to MLT) was a four credit. It has been split into two courses (Introduction to MLT and Urinalysis and Body Fluids), each two credits.

• Why has the curriculum been changed?
  o We are accredited by NAACLS (National Accrediting Agency for Clinical Laboratory Scientists. We have changed courses to maintain the high standards that they require for every MLT program. Students can sit for this national exam and when they pass the exam (ASCP) they can work anywhere in the U.S. and in many other countries.

• How is the job market for the MLT graduates?
  o The job market is excellent for MLT’s. In the last month, eight positions have been advertised on the website, “I Hire Med Techs”. The eight jobs are within 20 miles of the campus. There are many more jobs for MLT’s with the ASCP certification in nearby states and across the country.

**Rationale:** These changes are necessary to satisfy the program content requirements of the New York State Education Department (Regulations of the Commissioner of Education relating to professional education and licensure as a certified clinical laboratory technician) and NAACLS (National Accrediting Agency for Clinical Laboratory Sciences) accreditation. These changes will also align our coursework with our articulation partner, York College.
Section AIV: New Courses

AIV.1
Course Number: BIO XX
Title: Urinalysis and Body Fluids
Credits: 2
Hours: 1 lecture, 2 laboratory
Prerequisites: BIO 11, MTH 13, CHM 17 and department approval
Corequisites: BIO 12, CHM 18

Course Description: This course introduces urinalysis and body fluid analysis, including the anatomy and physiology of the kidney, and physical, chemical and microscopic examination of urine, cerebrospinal fluid and other body fluids. The course utilizes a student laboratory for experiences in basic urinalysis and body fluids analysis.

Rationale: The New York State Educational Department and the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) require a separate course in Urinalysis and Body Fluids. York College, our articulation partner, offers a B.S. degree in Clinical Laboratory Science that includes a course in Urinalysis and Body Fluids. This course will enable BCC students to transfer their credits to York College.

Rationale: The New York State Education Department and the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) require a separate course in Immunology / Serology. The current course BIO 52 (Immunology) will be removed from the program. York College, BCC’s articulation partner, has changed its Clinical Laboratory Scientist requirements and no longer requires an Immunology course. York College now has a course in Immunology / Serology. This course will enable BCC students to transfer their credits to York College.

Students practice clinical skills at local cooperating hospital or private laboratories under the guidance of bench technologists and supervisors. They are evaluated by the person in charge of the laboratory and the faculty member assigned to the course to meet established clinical objectives. Rationale: BIO 90 will become a one semester (500 hours) course. Our articulation partner, York College, has two Clinical Internship courses. Each of these courses is 500 hours and is valued at 5 credits per semester. York College will accept BCC’s 4 credit one semester Internship as equivalent to one of its Clinical Internships. This course will also meet the New York State Education Department requirement that a student “must complete a supervised clinical experience of at least 30 hours per week for at least 10 weeks or its equivalent…” The National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) requires students to have experience in a clinical laboratory but does not mandate the number of hours. NAACLS does require that the student clinical experience demonstrate increased behavioral objectives on the applied aspects of the program and show progression to levels consistent with entry into the profession. Because of these increased requirements within a shortened period of time, the value of BIO 90 will remain at 4 credits.
